

"Environment and Health" project

This project will last from 01.04.2022 to 31.03.2028.

The goal of the project is to create a scientific, practical, and theoretical basis for establishing a new field of study on "Environment and Health" within the Department of Hygiene and the Environment at the Karakalpakstan Medical Institute.

Professor-teachers of the Karakalpakstan Medical Institute Absattarova.V.K., Atakhanova.D.O. and Kadirbergenova.S.J. visited the University of the Republic of Korea from 22.07 to 31.07.2024 in order to study the effects of environmental factors on the body and ways to improve them, exchange experience and introduce laboratory equipment into the educational process.
