## **International Cooperation Relations**

In order to improve the qualifications of the faculty of the Karakalpak Medical Institute, establish international and partnership relations with foreign higher educational institutions, academic adaptation, and exchange of experience, large-scale work is being carried out jointly with KazNMU named after S.Zh. Asfendiyarov. As part of the academic mobility program organized by the Department of Chemistry of the Kazakh National Medical University named after S.Zh. Asfendiyarov and the Department of Medicinal Chemistry of the Medical Institute of Karakalpakstan, from April 02 to April 16, 2025, Associate Professor of the Department of Medical Chemistry of the KMI, PhD Saule Undashevna Meldebekova conducted a chemistry lesson for 1st-year students of KazNMU studying in the specialty "General Medicine and pediatrics."

## Delegation of the Medical Institute of Karakalpakstan - in Turkey.

A delegation of the Karakalpak Medical Institute headed by the Rector visited the University of Medical Sciences in Istanbul. The delegation met with the Rector of the University, Professor Kemaletdin Aydin. A wide range of issues were discussed during the negotiations. Special attention was paid to attracting Turkish university professors to the KIM Clinic to perform highly qualified operations on a regular basis.
